Our membership year runs from 1 September to 31 August annually. Fees for members joining during the year are calculated pro-rata from the joining date, e.g. the fee for joining at any time during January 2012 will be 8/12 of the annual fee above, to reflect that the initial membership period will span 8 months until the end of the membership year.

There are currently no joining fees.

The above rates include a discount for renewal payment, in full, by direct debit on or around 7th September annually. If you do not wish to pay by direct debit, a premium of 10% will be charged on all fees payable.

Please note that we are unable to refund membership fees once paid.
